DISSEMINATION OF RESULTS

Describe how the school will provide individual student academic assessment results in a language the parents can understand, including an interpretation of those results, to the parents of a child who participates in the academic assessments required by Section 1111 (b)(3) of the law.

Hendersonville Elementary will disseminate student academic assessment results through a parent letter that accompanies SC state test data. Parent-teacher conferences are held to discuss and interpret state, school, classroom assessment results. The state School Report Card will be distributed annually and interpreted for parents, as prescribed by state and district guidelines. Links to the state School Report Card and Adequate Yearly Progress (AYP) are also found on the district and SC Department of Education websites. The results are also published/broadcast by local media outlets. A School Improvement Council presentation is made on the results of the state, district, and school testing and the results of school performance. Parents will be provided an interpretation of their child's assessment results. Information will be sent to parents in their primary language when practical. Staff are available to assist ESOL parents in their understanding of their child's test results.
