## DISSEMINATION OF RESULTS

**Describe how the school will provide individual student academic assessment results in a language the parents can understand, including an interpretation of those results, to the parents of a child who participates in the academic assessments required by Section 1111 (b)(3) of the law.**

The State of South Carolina publishes the School Report Card, which provides parent information regarding performance of the entire school. The RMS administration, guidance, and faculty will continue to keep parents informed of the results of student progress on state assessments and school staff will provide parents an interpretation of those results. Parents will also receive academic progress reports, report cards, scheduled conferences, open houses, telephone calls, notes, and postcards from teachers. Parents will also have access to their child's academic performance online through InTouch. Students will also have planners to convey information to parents from teachers. There is also an active PTO and SIC organization that will assist the school in disseminating information. Parents are encouraged to contact the school and teachers should there be a need of additional information or the need to schedule a conference.
